

Reference nr. 2159 : Whangarei Riding for the Disabled

Grants Coordinator

RDA is about providing goal-based riding activities which increase the ability, independence and confidence of people with physical, intellectual, emotional or social challenges. Our focus is to make a positive difference. Our vision is to reach more riders and change more lives.

To be able to do this, we seek someone to join the team, for a few hours weekly, to write and submit grant applications.

So if you are ready to use your awesome fundraising and people skills to help our not-for-profit organisation change lives we would like to hear from you.

Training

We seek an experienced Grants Coordinator but will train an enthusiastic novice.
