

Reference nr. 2260 : Carbon Neutral NZ Trust

Tree counter(s)

Join the **Great Kiwi Carbon Challenge** and become a steep terrain tree counter. Go into difficult terrains (very hilly, slippery when wet) and count trees per 10,000 m² (100m x100m) in order to calculate CO₂ sequestration/absorption (simple formula). Record GPS data/location

Training

- How to lay out the territory.
- How to measure trees.
- How to calculate CO₂ absorption.
- How to use GPS.
- How to do recording.

Specific requirements

- Good physical condition.
- Good recording and reporting.
- Friendly contact making with property owners.
- Valid drivers licence.
