

## Reference nr. 2262 : Friends of Matakoho / Limestone Island

### Adopt a spot, Matakoho/Limestone Island

*(Fits teams)* Join others and adopt-a-spot. You get to choose where on the island and how big the spot is.

Let your green fingers do their magic and care for a spot on the island. An individual, a family group, or maybe a gardening group or a team made up of your friends or workmates.

Worked right, it makes a good social day out and a nice visit to a great little island. It is really rewarding watching the extra growth that a little tender care makes. This care mostly involves planting amongst the trees already there, keeping non-native trees out and releasing grass from young trees.

Materials and tools are provided and the Ranger will help with guidance and support as well as take you across to the island (by prior arrangement of course).

All that is asked is that you visit your spot at least four times a year and report your progress.

#### Training

Full training provided.

#### Specific requirements

All levels catered for, must be fit, keen and able to be consistent!

When:  indicates time slot options.

	Mon	Tue	Wed	Thu	Fri	Sat	Sun
