Handyperson/Pick a Project!

Pioneer Village is looking for a Handyperson to join our small team. There are lots of small repair jobs in our vast collection. We try to recycle as much as possible so being a little creative would also help. Hand rails on steps, hinge replacements, replacing barge boards, tap washers... there's always something on the go! Some projects might take an hour, others a couple of days or more. Pick a project to suit your availability, skills and interests!

Training

We are hopeful that the right person for this job, with the correct skills and time, will apply and maybe share their knowledge with others...or bring along a friend!
