### Activity program supporters

We are a non for profit organisation that provides a day vocational service for adults with disabilities.

One of our key services is LYNKZ, a community based service that works to improve the lives and life skills of our clients whilst also increasing employment awareness and opportunities in Whangarei.

People who attend our programme are aged between 16 and 64 and have either one or a mix of learning, physical, or sensory disabilities. Our daily activities run from Monday to Thursday with everything from classes in cooking to road trips to the zoo, beach or other amazing activities.

**We need the support of some awesome volunteers to help support our activities program** - this will be a varied and fun role helping out the coordinators and participant with whatever is on the schedule for that day (schedules are produced in advance so you will know what is happening).
