

Reference nr. 2779 : The Blue Goose Papermill Charitable Trust

Creative Gardening Help

Established in 1989 The Papermill is a safe, vibrant, creative space where artists with intellectual disabilities create handmade paper and works of art from natural fibres and recycled paper.

The Papermill is a colourful creative space and we would love our outside space to be just as eye catching as our inside studios.

Our garden space is rather small so it wouldn't take much time to implement your vision and then it would be a case of a few hours a fortnight to keep it looking tip top. Our Papermakers can do a certain amount of the general upkeep.

In return we promise to provide you with all the refreshments you need to keep your energy levels high and lots of smiles to keep your spirits high.

We can't wait to hear from you!
