Funding Manager and fundraiser

Volunteer remotely. Funding Manager and fundraiser needed for a vibrant arts charity.

We are a local charity which provides healing art lessons to children and adults struggling with barriers and lifecasting services at the hospital for bereaved parents.

We have managed to get some funding previously but we really need assistance in applying to some of the funding bodies.

Ideally the right person would have some experience in working with charities and seeking funding or have had successful applications in this area. Time management and deadlines are essential.

Hours and days and location are flexible.
