

Reference nr. 2886 : Northland Field Days

Associate Members - Northland Field Days

Volunteer remotely. The Northland Field Days is Northlands' largest agricultural event each year. It is a three-day event in March that is open to the public daily with approximately 20,000 visitors and up to 550 exhibitors. There is something for everyone at this event - plenty of live demonstrations, Field Days specials, new innovations in technology and equipment to be seen.

We are looking for new associate members of all ages and capabilities who are interested in being part of the team that brings the Northland Field Days to life each year and supporting the event on a longer-term basis.

The Northland Field Days relies on current committee members to use their skills and their knowledge to get our grounds ready from December onwards - this involves anything from building projects, dealing with drainage and/or water leaks, mowing, mulching, weed eating, painting, certain electrical work, making signage, cleaning..... the list goes on and we could definitely use a few more helpers in this area.

If you are not so much into the physical, outdoors type of work - you might have some other skill that you think could help us in some way! Maybe you have experience in marketing, IT, grant funding, sponsorship or some other administrative field - we'd love to have you share your knowledge!

On top of being part of an amazing team bringing the largest annual agricultural event to Northland, you will get free event entry to the event for your family.

Specific requirements

- Enthusiasm for local events
- A sense of humour is very important, the lead up to an event can be very stressful for our committee and laughter gets us through most "moments"
- Able to take instructions and work unsupervised at times
- Friendly & Reliable

When: Any time

Duration: **Long-term**

Area: **Dargaville area**

Activity: **Building, maintenance and DI**

1 volunteer needed

Wheelchair accessible
